

CENTURION

CONSTRUCTION GROUP, LLC

RETAIL & RESTAURANT

In the retail and restaurant industry a lot of time and effort is spent visiting potential sites and researching local demographics. At Centurion we understand this process and the relationship between Landlord and Tenant. We work to facilitate excellence whether performing the Landlord work letter or the Tenant fit out.

We are familiar with scope responsibility breakdowns and are adept at communicating between parties to decipher existing conditions and "white box" requirements for the Landlord. When working with a Tenant, we coordinate with the design team and vendors to permit and deliver your branded space on time.

Understanding these relationships and our experience in this industry enables us to deliver your retail store or restaurant successfully. With Centurion as your partner, you can be sure that attention to detail and responsibilities are accurately accounted for and upheld.

DEFINING & BUILDING
EXCELLENCE
through PARTNERSHIP, PROCESS
& DESIGN
