

Centurion is prepared to deliver a functional, modern facility for your staff and patients in response to your concern for providing the highest level of care amidst new technologies, regulations, and breakthroughs. We are here to assist you in adding on, building new, or transforming spaces from interior updates to medical equipment installation.

BUILDING EXCELLENCE

Through Partnership, Process & Design

HEALTH CARE

SERVING WITH PURPOSE

Centurion has a wide range of health care experiences working within catheterization labs, dental & dermatology offices, linear accelerator & operating rooms, orthopedics, radiology, endocrinology, women's clinics, cafeterias, nurse's stations, seclusion rooms, NICUs, birthplaces, physical therapy, mental health, naturopathic, and medical offices.

We are ASHE HCC certified and are acutely aware of ICRA containment, med gas, and hospital protocols.

PROJECT PORTFOLIO

Health Care
